Up to 11ltr	£25.00	£28.00	£40.00

All gas prices are subject to change without notice.

Prices are inclusive of VAT.

The staff at Wreckspeditions have the right to refuse to fill any cylinder at their discretion and their decision is final.

For 32% and 36% fills we use a continuous blending system meaning that the mix is pre made before it enters your diving cylinder. This means you do not require to have an o2 clean cylinder as we do not inject oxygen directly.

**It is highly recommended to have an o2 clean cylinder if you are using any nitrox mix.**

For gas mixes of 40% and above all cylinders **MUST** be o2 cleaned as we inject 100% oxygen directly into your cylinder.

All divers must show their nitrox qualification when receiving nitrox/o2 fills, and sign our declaration sheet when taking nitrox/o2 filled cylinders away.

Cylinder hire is FREE for any divers using our charter boat.

Cylinder hire for divers not using our charter boat is £10 per day.

**All cylinders MUST be in test and correctly labelled for the gas requested.**
